## **2021 MODEL YEAR VEHICLES**

MINI John Cooper Works (JCW) GP

### **ATTENTION!**

### **AVOID AUTOMATED CAR WASH SERVICES**

Your 2021 MINI John Cooper Works GP has a “performance-oriented” aerodynamic front spoiler, carbon fiber reinforced plastic fender flares and a distinctive large rear roof spoiler which can be damaged by the automated car wash equipment.

Only “hand-wash” your MINI John Cooper Works GP.

### **RACE TRACK AND MOTORSPORT COMPETITION RACING – DISCLAIMER**

The standard brake fluid fill, brake pads, wear indicator and the tire pressure monitor (TPM) system that are factory installed on the 2021 MINI John Cooper Works GP are not designed for race track operation and motorsport competition racing.

Performance, operational and/or damage that results from excessive loading of the vehicle, for example, by operating it on a race track or in motorsport competition racing, is not covered by the MINI Limited Warranties.

For more information, please refer to the “What is not covered” sections in the MINI New Passenger Car Limited Warranty booklet.

### **THE MINI MAINTENANCE PROGRAM**

The MINI John Cooper Works GP front suspension’s lower wishbone hydro-bushings require replacement at every 6th engine oil service. After these bushings are replaced, a KDS wheel alignment check and adjustment, as necessary, must also be performed.

This work procedure is excluded from coverage under the MINI Maintenance Program.

All costs associated with this required replacement of the front suspension lower wishbone hydro-bushings, including the wheel alignment, are the sole responsibility of the vehicle owner.

For more information, please refer to the MINI Maintenance booklet.

# OVERVIEW OF THE MINI NEW PASSENGER CAR LIMITED WARRANTIES

\*The California Emissions Control System Limited Warranty applies to all 2021 U.S.-specification MINI vehicles registered in California, Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont or Washington.

The MINI limited warranties apply only to U.S.-specification MINI vehicles and cover eligible warranty repair or replacement work when the warranty service is performed at an authorized MINI dealer in the United States (including Puerto Rico), subject to all applicable exclusions and/or limitations.

# **MINI NEW PASSENGER CAR LIMITED WARRANTY — 2021 MODELS (VALID ONLY IN THE U.S.A. INCLUDING PUERTO RICO)**

## **WARRANTOR**

MINI USA, a division of BMW of North America, LLC (“MINI USA”) warrants during the Warranty Period the 2021 U.S.-specification MINI vehicles distributed by MINI USA against defects in materials or workmanship to the first retail purchaser, and each subsequent purchaser.

## **WARRANTY BEGINS**

Coverage begins on the date of first retail sale, or the date the vehicle is first placed into service as a sales demonstrator, Aftersales Mobility Program (AMP) Vehicle or company vehicle, whichever is earlier.

## **WARRANTY PERIOD**

The warranty period is 48 months or 50,000 miles, whichever occurs first, except as noted below.

## **WARRANTY COVERAGE**

To obtain warranty service coverage, the vehicle must be brought, upon discovery of a defect in material or workmanship, to the workshop of any authorized MINI dealer in the United States (including Puerto Rico) during normal business hours.

The authorized MINI dealer will, without charge for parts and labor (including diagnosis), either repair or replace the defective part(s) using new or authorized remanufactured parts. The decision whether to repair or replace said part(s) is solely the prerogative of MINI USA. Parts for which replacements are made become the property of MINI USA. In all cases, a reasonable time must be allowed for warranty repairs to be completed after the vehicle is received by the authorized MINI dealer.

Warranty repairs do not constitute an extension of the original limited warranty period for the vehicle or a part thereof.

## **SAFETY BELT WARRANTY — KANSAS**

Safety belts are covered under the MINI New Passenger Car Limited Warranty for defects in material or workmanship for a period of 10 years, unlimited mileage from the date of purchase. In order to be eligible for this coverage, the vehicle must be a

new vehicle retailed in the State of Kansas and the repair must be performed by an authorized MINI dealer in Kansas.

## **OTHER ITEMS**

Wheel alignment, balancing and wiper blade inserts are covered up to the first 2,000 miles on the vehicle.

**Items which are subject to wear and tear or deterioration due to driving habits or conditions, such as brake pads/linings, brake discs, filters, upholstery, trim and chrome items, paint finish, drive belts, glass, and similar items, their coverage is specifically limited to defects in material or workmanship.**

**Additionally, wood trim and leather upholstery have inherent variations in color and texture, dependent upon being properly cleaned and maintained. These items may lighten or darken due to age or exposure to sunlight; this is not a defect in materials or workmanship.**

Battery performance and durability are temperature-dependent. While battery capacity increases in higher temperatures, colder temperatures will lower the battery's capacity. Extreme high and/or low temperatures may impact the battery's service life.

### **What is not covered:**

Remote control transmitter battery replacement.

Damage, including consequential, which results from negligence, misuse/improper operation of the vehicle, improper repair, lack of or improper maintenance, environmental influences, flood, accident or fire damage, road salt corrosion, or the use of improper fuel as described in the Owner's Manual or contaminated fuel.

Damage to the engine, transmission or any related component caused by improper shifting of the transmission.

Damage to the paint finish due to stone chips, nicks, dents, acid rain, industrial fallout, other environmental influences, and normal deterioration, such as fading, discoloration, or loss of luster, improper care/repair of "matte" paint finishes, as well as damage caused by lack of maintenance, excessive rubbing, the use of improper cleaners, polishes and/or waxes.

Maintenance services and parts when replaced during maintenance such as spark plugs (gasoline engines only), lubricants, fluids, engine tune-up parts, replacement of filters, coolant, and refrigerant.

Tires are warranted by their respective manufacturer. See the Tire Warranty Statement on page 21.

**Driving over rough or damaged road surfaces, as well as debris, curbs and other obstacles can cause serious damage to wheels, tires and suspension parts. This is more likely to occur with low-profile tires that provide less cushioning between the wheel and the road. Be careful to avoid road hazards and reduce your speed, especially if your vehicle is equipped with low-profile tires.**

Non-genuine MINI Parts — While you may elect to use non-genuine MINI parts for maintenance or repair services, the MINI Division is not obligated to pay for repairs of the non-genuine MINI parts or for repairs of any damage resulting from the use of non-genuine parts.

This warranty shall be null and void for specific vehicle components that were previously replaced with used or salvaged automobile parts, including repairs of any damage resulting from the use of these parts.

This warranty shall be null and void if the odometer has been replaced or altered and the true mileage on the vehicle cannot be determined, and/or the Vehicle Identification Number (VIN) is altered and/or cannot be determined.

This warranty shall be null and void if the vehicle has been declared a total loss or sold for salvage purposes, or if the vehicle has been used in any competitive event.

The decision whether to repair or replace said part(s) is solely the prerogative of MINI USA, a Division of BMW of North America, LLC. Parts for which replacements are made become the property of MINI USA.

Warranty repairs do not constitute an extension of the original limited warranty period for the vehicle or a part thereof.

MINI USA, a Division of BMW of North America, LLC makes no other express warranty on this product except for the new vehicle warranty, rust perforation or the emission system warranties.

THE DURATION OF ANY IMPLIED WARRANTIES, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY, IS LIMITED TO THE DURATION OF THE EXPRESS WARRANTIES HEREIN.

Some states do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations and exclusions may not apply to you.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Any legal claim or action arising from any express or implied warranty contained herein must be brought within 12 months of the date it arises.

## **WHAT IS NOT COVERED**

This warranty does not apply to damage, including consequential, which results from negligence, misuse/improper operation of the vehicle, improper repair, lack of or improper maintenance, environmental influences, flood, accident or fire damage and road salt corrosion.

Non-genuine MINI Parts — While you may elect to use non-genuine MINI parts for repair services, MINI Division is not obligated to pay for repairs of the non-genuine MINI parts or for repairs of any damage resulting from the use of non-genuine parts.

This warranty shall be null and void for specific vehicle components that were previously replaced with used or salvaged automobile parts, including repairs of any damage resulting from the use of these parts.

This warranty shall be null and void if the odometer has been replaced or altered and the true mileage on the vehicle cannot be determined, and/or the Vehicle Identification Number (VIN) is altered and/or cannot be determined.

This warranty shall be null and void if the vehicle has been declared a total loss, sold for salvage purposes, or if the vehicle has been used in any competitive event.

## **FEDERAL EMISSIONS SYSTEM DEFECT WARRANTY (VALID ONLY IN THE U.S.A. INCLUDING PUERTO RICO)**

This limited warranty applies only to U.S.-specification vehicles distributed by MINI USA, a Division of BMW of North America, LLC.

In accordance with the defect warranty provisions of section 207(b) of the Clean Air Act, MINI warrants to the first retail purchaser, and each subsequent purchaser, that the car: (a) was designed, built and equipped so as to conform, at the time of sale, with all regulations of the U.S. Environmental Protection Agency applicable at the time of manufacture; and (b) is free from defects in materials and workmanship which would cause it to fail to conform with applicable regulations for a period of 2 years or 24,000 miles, whichever occurs first, except for specific emission control components (as listed on page 13), for which the warranty period is 8 years or 80,000 miles, whichever occurs first.

Coverage begins on the date of first retail sale or the date the vehicle is first placed into service as a sales demonstrator, Aftersales Mobility Program (AMP) Vehicle or company vehicle, whichever is earlier.

Warranty claims must be made as soon as reasonably possible after a defect is discovered. To make a claim, the car must be brought to any authorized MINI dealer during normal business hours.

The authorized MINI dealer will, without charge for parts and labor (including diagnosis), either repair or replace the defective part, if any. The decision whether to repair or replace said parts is solely the prerogative of MINI USA, a Division of BMW of North America, LLC and must be expected to correct the failure of the warranted part. Parts for which replacements are made become the property of MINI USA. In all cases, a reasonable time must be allowed for warranty repairs to be completed after the car is received by the authorized MINI dealer.

Warranty repairs do not constitute an extension of the original limited warranty period for the vehicle or a part thereof.

For assistance in determining which specific parts or components of your vehicle are covered under this warranty, please contact your authorized MINI dealer.

It is the owner's responsibility to have all scheduled inspection and maintenance services performed (at the owner's expense when applicable), as prescribed in the maintenance schedule for the MINI Emission Control System. Service intervals are computed by the onboard MINI Condition Based Service system and displayed on the instrument panel. The instructions for proper maintenance and use can be found in the Owner's Manual. It is strongly recommended that any replacement parts used for maintenance, repair or replacement of emission control systems be certified MINI Service Parts or MINI Authorized Remanufactured Parts. Without invalidating this

warranty, the owner may elect to have maintenance, repair or replacement of the emission control systems performed by any automotive repair establishment, or elect to use parts other than certified MINI Service Parts. However, the cost of such service or parts will not be covered under this warranty, except in emergency situations. In an emergency situation, where an authorized MINI dealer or a warranty replacement part is not reasonably available (within 30 days), repairs may be performed at any available service establishment using any equivalent part. MINI USA, a Division of BMW of North America, LLC will reimburse the owner for such emergency repairs (including labor, parts and diagnosis not to exceed MINI USA's rates for labor, parts, and diagnosis in said area) that are covered under this warranty. Replaced parts and paid invoices must be presented at an authorized MINI dealer as a condition of reimbursement for emergency repairs not performed by an authorized MINI dealer.

The use of replacement parts, which are not of equivalent quality, may impair the effectiveness of the emission control system. If other than certified MINI Service Parts or MINI Authorized Remanufactured Parts are used for maintenance, repair or replacement of components affecting emission control, the owner should obtain assurances that such parts are warranted by their manufacturer to be equivalent to genuine MINI parts in performance and durability. MINI USA, a Division of BMW of North America, LLC assumes no liability under this warranty with respect to parts other than genuine MINI parts.

However, the use of non-genuine MINI replacement parts or non-EPA certified parts does not invalidate the warranty on other components, unless non-genuine MINI parts or non-EPA certified parts cause damage to warranted parts.

## **WHAT IS NOT COVERED**

The car or any part of the car, unless the failure causes the car to fail to conform to the applicable emission regulations.

Malfunctions, including consequential, caused by negligence, misuse/improper operation of the vehicle, environmental influences, flood, accident or fire damage.

Malfunctions, including consequential, caused by improper adjustment/repair, modification, alteration, tampering, disconnection, improper or inadequate maintenance except if one or more of these occurred as a result of repair work that was performed by an authorized MINI dealer under warranty.

For gasoline engines, malfunctions caused by the use of leaded fuel or fuels containing more than 10% ethanol, or other oxygenates with more than 2.8% oxygen by weight (i.e., more than 15% MTBE or more than 3% methanol plus an equivalent amount of co-solvent and/or as specified in the Owner's Manual).

Spark plugs, filters, and similar maintenance items are not covered under this warranty at or beyond the first replacement interval, or if the part has been replaced earlier for reasons other than it being defective.

Any car on which the odometer has been replaced or altered and the true mileage cannot be determined.

Any car on which the Vehicle Identification Number (VIN) is altered and/or cannot be determined.

## **GENERAL**

These warranties give you specific legal rights, and you may also have other rights which vary from state to state.

THE DURATION OF ANY IMPLIED WARRANTIES, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY, IS LIMITED TO THE DURATION OF THE EXPRESS WARRANTIES HEREIN.

MINI USA, A DIVISION OF BMW OF NORTH AMERICA, LLC HEREBY EXCLUDES INCIDENTAL AND CONSEQUENTIAL DAMAGES, INCLUDING LOSS OF TIME, INCONVENIENCE, OR LOSS OF USE OF THE VEHICLE, FOR ANY BREACH OF ANY EXPRESS OR IMPLIED WARRANTY, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY, APPLICABLE TO THIS PRODUCT.

Some states do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations and exclusions may not apply to you. Additionally, if your vehicle is either registered in the State of California, Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont or Washington, your vehicle is also eligible for the California Emissions Warranty coverage beginning on page 14.

These federal warranty provisions also apply to all vehicles sold in all U.S. states and territories regardless of whether a state has enacted state warranty provisions that differ from the federal provisions.

## **FEDERAL EMISSION PERFORMANCE WARRANTY (VALID ONLY IN THE U.S.A. INCLUDING PUERTO RICO)**

In those states and jurisdictions that have established periodic vehicle emissions tests to encourage proper vehicle maintenance and require the car to pass an emissions test approved by the U.S. Environmental Protection Agency and:

1. The passenger car was distributed by MINI USA, a Division of BMW of North America, LLC; and
2. The car has been maintained and operated in accordance with the instructions for proper maintenance and use set forth in the Owner's Manual supplied with the car; and
3. The car fails to conform to the applicable emissions standards of the EPA as judged by an EPA-approved emissions test; and
4. The failure to conform results or will result in the owner of the car having to bear a penalty or other sanction (including the denial of the right to use the car) under local, state or federal law if the non-conformity is not remedied within a specified period of time.

Then, in accordance with the provisions of section 207(b) of the Clean Air Act, MINI USA, a Division of BMW of North America, LLC warrants that if the car is eligible for coverage under this warranty, any non-conformities in the car, which cause it to fail an EPA-approved emissions test will, without charge for parts or labor (including diagnosis), be adjusted, repaired, or replaced, at the option of MINI USA, a Division of BMW of North America, LLC to proper specifications, in order to make the car comply with applicable emissions standards. The decision whether to adjust, repair or replace parts is solely the prerogative of MINI USA and must reasonably be expected to correct the failure of the warranted part.

Coverage begins on the date of first retail sale or the date the vehicle is first placed into service as a sales demonstrator, Aftersales Mobility Program (AMP) Vehicle or company vehicle, whichever is earlier. This warranty continues for a period of 2 years or 24,000 miles, whichever occurs first, except for specific emissions control components (as listed on page 13), for which the warranty period is 8 years or 80,000 miles, whichever occurs first.

This limited warranty is made subject to the terms and conditions that apply to the Emission Control System Warranty and the MINI New Passenger Car Limited Warranty.

Warranty repairs do not constitute an extension of the original limited warranty period for the vehicle or a part thereof.

No claim under this warranty will be denied on the basis of use of a properly installed EPA-certified emission part for maintenance and repair.

A vehicle manufacturer may deny an emission performance warranty claim on the basis of an uncertified replacement part used in the maintenance or repair of a vehicle only if the vehicle manufacturer presents evidence that the uncertified replacement part is either defective in materials or workmanship or not equivalent from an emission standpoint to the original equipment part.

**Maintenance, replacement, or repair of emission control devices and systems may be performed by any automotive repair establishment or individual using any certified part.**

Immediately after the car has failed an EPA-approved emission short test, your claim can be made at any authorized MINI dealer. The authorized MINI dealer will honor or deny your claim within the time period specified by local or state laws (not to exceed 30 days), to avoid further penalties or sanctions. If the claim is denied, the authorized MINI dealer will notify you in writing of the reason(s). The authorized MINI dealer is required by law to honor the claim if notice of denial is not received by the owner within the specified time period.

## **GENERAL**

These warranties give you specific legal rights, and you may also have other rights which vary from state to state.

THE DURATION OF ANY IMPLIED WARRANTIES, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY, IS LIMITED TO THE DURATION OF THE EXPRESS WARRANTIES HEREIN.

MINI USA, A DIVISION OF BMW OF NORTH AMERICA, LLC HEREBY EXCLUDES INCIDENTAL AND CONSEQUENTIAL DAMAGES, INCLUDING LOSS OF TIME, INCONVENIENCE, OR LOSS OF USE OF THE VEHICLE, FOR ANY BREACH OF ANY EXPRESS OR IMPLIED WARRANTY, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY, APPLICABLE TO THIS PRODUCT.

Some states do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations and exclusions may not apply to you. Additionally, if your vehicle is either registered in the State of California, Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont or Washington, your vehicle is also eligible for the California Emissions Warranty coverage beginning on page 14.

These federal warranty provisions also apply to all vehicles sold in all U.S. states and territories regardless of whether a state has enacted state warranty provisions that differ from the federal provisions.

## **CALIFORNIA EMISSION CONTROL WARRANTY STATEMENT\* YOUR WARRANTY RIGHTS AND OBLIGATIONS**

The California Air Resources Board and MINI USA, a Division of BMW of North America, LLC are pleased to explain the emission control system warranty on your 2021 vehicle. \*The California Emissions Control System Limited Warranty applies to all 2021 U.S.-specification MINI vehicles registered in California, Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont or Washington. Vehicles covered by this warranty are also covered by the Federal Emission Warranty.

Your emission control system may include parts such as the fuel injection system, the ignition system, catalytic converter, and engine computer. Also included may be hoses, belts, connectors and other emission-related assemblies.

Where a warrantable condition exists, MINI USA will repair your vehicle at no cost to you including diagnosis, parts and labor.

### **MANUFACTURER'S WARRANTY COVERAGE**

Warranty repairs do not constitute an extension of the original limited warranty period for the vehicle or a part thereof.

## OWNER'S WARRANTY RESPONSIBILITIES

- As the vehicle owner, you are responsible for the performance of the required maintenance listed in your Maintenance booklet. MINI USA recommends that you retain all receipts covering maintenance on your vehicle, but MINI USA cannot deny warranty solely for the lack of receipts or for your failure to ensure the performance of all scheduled maintenance.
- You are responsible for presenting your vehicle to an authorized MINI dealer as soon as a problem exists. The warranty repairs should be completed in a reasonable amount of time, not to exceed 30 days.

## **CALIFORNIA EMISSION CONTROL SYSTEM LIMITED WARRANTY\***

This limited warranty applies to California certified vehicles distributed by MINI USA, a Division of BMW of North America, LLC registered and operated primarily in California.

\*The California Emissions Control System Limited Warranty applies to all 2021 U.S.-specification MINI vehicles registered in California, Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont or Washington. Vehicles covered by this warranty are also covered by the Federal Emission Warranty.

MINI USA, a Division of BMW of North America, LLC warrants to the original purchaser and each subsequent owner that the vehicle is:

- a. designed, built and equipped so as to conform with the applicable California Air Resources Board emission standards.
- b. free from defects in materials and workmanship which cause any part that can affect emissions to fail to conform with applicable requirements or to fail a California Smog Check test or EPA-approved short test for a period of 3 years or 50,000 miles, whichever occurs first.
- c. free from defects in materials and workmanship in emission-related parts, which are contained in the California Emission Warranty Parts List on page 20, for a period of 7 years or 70,000 miles, whichever occurs first.

Coverage begins on the date of first retail sale or the date the vehicle is first placed into service as a sales demonstrator, Aftersales Mobility Program (AMP) Vehicle or company vehicle, whichever is earlier.

To obtain service under this warranty, the vehicle must be brought, upon failure of a Smog Check test or upon discovery of the defect, to the workshop of any authorized MINI dealer, during normal business hours. The authorized MINI dealer will honor or deny your claim within 30 days. If the claim is denied, the authorized MINI dealer will notify you in writing of the reason(s). The authorized MINI dealer is required by law to honor the claim if notice is not given to the owner within 30 days.

The authorized MINI dealer will, without charge for parts or labor (including diagnosis), either adjust, repair or replace the defective part and other parts affected by the failure of the warranted part, if any. If your vehicle failed the California Smog Check test or an EPA-approved short test, then MINI USA will repair your vehicle so that it will pass this test. Items that require scheduled replacement are warranted up to their first replacement interval. MINI USA may repair a part in lieu of replacing it when performing warranty repairs. Parts for which replacements are made become the

property of MINI USA. After 3 years or 50,000 miles, and in accordance with paragraph (c) above, such repairs are limited to the repair or replacement of those parts identified in the California Emission Control System Limited Warranty List.

Vehicles sold in California are also subject to Federal emission warranty provisions that run concurrently. For California vehicles, the specific emission control components listed on page 13 are also covered under the Federal Emission System Defect Warranty of 8 years or 80,000 miles, whichever occurs first.

If, within 7 years or 70,000 miles, whichever occurs first, the vehicle fails a Smog Check because of a defect in a part listed in the California Emission Warranty Parts List on page 20, repair or replacement will be performed under this warranty.

A repair performed as the result of a Smog Check test failure due to a defect in a part, which is warranted for 7 years or 70,000 miles, is covered.

Warranty repairs do not constitute an extension of the original limited warranty period for the vehicle or a part thereof.

In all cases, a reasonable time, not to exceed 30 days, must be allowed for a warranty repair to be completed, after the car is received by the authorized MINI dealer.

It is the owner's responsibility to have all required maintenance services performed (at the owner's expense when applicable), as prescribed in the maintenance schedule for the MINI Emission Control System. Service intervals are computed by the Condition Based Service system and displayed on the instrument panel.

However, MINI USA will not deny your warranty repair claims solely because you do not have maintenance records or you did not perform the required maintenance unless MINI USA demonstrates that such lack of required maintenance is a direct cause of the emission control system failure. The instructions for required maintenance and use can be found in the Owner's Manual and in the MINI Maintenance Booklet.

It is strongly recommended that any replacement parts used for maintenance, repair or replacement of emission control systems be genuine MINI Service Parts or MINI Authorized Remanufactured Parts. Without invalidating this warranty, the owner may elect to have maintenance, repair or replacement of the emission control systems performed by any automotive repair establishment, or elect to use parts other than MINI Authorized Remanufactured or genuine MINI Service Parts. However, the cost of such service or parts will not be covered under this warranty, except in emergency situations. In an emergency situation, where an authorized MINI dealer is not reasonably available or a warranty replacement part is not available within 30 days, repairs may be performed at any available service establishment or by any individual using any replacement part.

A repair not completed within 30 days constitutes an emergency. MINI USA, a Division of BMW of North America, LLC will reimburse the owner for such emergency repairs

(including labor, parts and diagnosis not to exceed MINI suggested retail price for all warranted parts replaced and labor charges based on the manufacturer's recommended time allowance for the warranty repair and the geographically appropriate hourly labor rate) that are covered under this warranty. Replaced parts and paid invoices must be presented to an authorized MINI dealer as a condition of reimbursement. Foremergency repairs not performed by an authorized MINI dealer.

The use of replacement parts, which are not of equivalent quality, may impair the effectiveness of emission control systems. If other than genuine MINI Service Parts or Authorized Remanufactured Parts are used for maintenance, repair or replacement of components affecting emission control, the owner should obtain assurances that such parts are warranted by their manufacturer to be equivalent to genuine MINI parts in performance and durability. MINI USA, a Division of BMW of North America, LLC assumes no liability under this warranty with respect to parts other than genuine MINI parts.

However, the use of non-genuine MINI replacement parts does not invalidate the warranty on other components, unless non-genuine MINI parts cause damage to warranted parts.

## **WHAT IS NOT COVERED**

## **TIRE WARRANTY STATEMENT**

Original equipment tires on new MINI vehicles are warranted by their respective manufacturer as detailed in the applicable tire manufacturer's warranty statement.

The CD ROM MINI provides in the vehicle's documents portfolio contains the warranty statements for the following original equipment tire manufacturers (as applicable to your vehicle):

- ▷ Bridgestone/Firestone
- ▷ Continental
- ▷ Goodyear/Dunlop
- ▷ Hankook
- ▷ Kumho
- ▷ Michelin
- ▷ Pirelli

The terms and conditions of the tire manufacturers' warranties are independently determined by the tire manufacturers without input from MINI. We recommend either contacting or visiting the specific tire manufacturer's website to ensure that you have the most current warranty information that applies to your tires.

Should you have difficulty in obtaining the applicable warranty service from a tire manufacturer, your authorized MINI dealer will assist you in resolving the situation.

Instructions for proper tire care and maintenance are contained in the Wheels and Tires section of your vehicle's Owner's Manual.

## **12 VOLT BATTERY CARE\***

Battery posts, terminals and related accessories contain lead and lead compounds; chemicals known to the State of California to cause cancer.

If your vehicle is driven only for short distances of less than 10 miles over a prolonged period of time, without an occasional drive at highway speeds, the engine's charging

system will not maintain the battery. Insufficient use of the vehicle could result in short-term starting problems and, in the long term, could damage the battery.

In case your vehicle will not be operated for several weeks, it is advisable to:

- consider using a proper trickle charger, following the charger manufacturer's instructions, to maintain the battery's state of charge; or
- consult your authorized MINI dealer or another qualified service center regarding battery removal. Once removed, the battery must be charged and stored in a cool, dry place where it can be protected from freezing. If the battery will be stored for over 3 months, it must be recharged every 3 months, or else it will become damaged and useless.

Please consult with your authorized MINI dealer or another qualified service center for further guidance and information.

## **CORROSION PROTECTION**

Extensive corrosion protection measures now make it possible to offer a 12-year unlimited mileage anti-corrosion warranty against rust perforation on your vehicle provided that the vehicle is properly maintained. Information on proper maintenance is available in this Booklet and your vehicle's Owner's Manual.

The major degree of corrosion protection is due to the electrophoretic dip painting process which cathodically deposits paint particles on all body parts, attracting paint particles into the minutest cavities or seams. Body parts are designed to provide optimum corrosion protection.

During manufacture, metal exterior body parts receive an additional corrosion protection coat. Hood, trunk, doors and other body parts are coated with PVC and sealed from the outside.

All floor panels receive a resilient coating of PVC for maximum protection against damage due to stones, etc.

Corrosion protection materials tested over many years are applied to the surfaces of cavities and to the entire underside of the vehicle during and after assembly.

For additional information on the 12-year unlimited mileage anti-corrosion warranty, see the Warranty section of this Booklet on page 6.

## **RESTORING CORROSION PROTECTION**

Please take care that anti-corrosion material is replaced when your car is repaired after body or chassis damage.

## UNDERBODY MAINTENANCE

The underbody has to be cleaned at least once a year, in Spring, with plain water in order to remove mud, chemical sediments and other deposits. If those materials are not removed, corrosion (rust) will occur on metal components.

Your authorized MINI dealer can do this anti-corrosion service for you.

Do not apply additional undercoating or rust-proofing on or near the exhaust manifold, exhaust pipes, catalytic converter or heat shields. During driving, the substance used for undercoating could overheat and cause a fire.

## FUEL QUALITY — GASOLINE

Use fuels advertised to have adequate detergency and low alcohol (such as ethanol) content. Please refer to your Owner's Manual for important information on the fuel recommended for use in your vehicle. The recommended fuel grade is also found on the fuel filler flap. Use of fuels with insufficient detergent and/or excess alcohol can cause driveability problems that necessitate cleaning intake valves and fuel injection valves, and, when applicable, adjusting the engine idle. We recommend having this work performed by your authorized MINI dealer or another qualified service center, perhaps while regular maintenance is performed. Your authorized MINI dealer can also recommend a gasoline additive that will provide sufficient detergency. This recommended, unscheduled maintenance, which may be necessitated by use of inappropriate fuels, is not required in order to maintain the emission warranty. It also is not covered by your vehicle's warranty because no defect in material or workmanship or component failure is involved.

Maximum rated engine power is achieved using premium gasoline, 93 AKI (91 AKI minimum).

## NOTICE

The "National Traffic and Motor Vehicle Safety Act of 1966" requires manufacturers to be in a position to contact vehicle owners when a correction of a safety-related defect or noncompliance issue with an applicable federal motor vehicle safety standard becomes necessary.

Please see the Correcting, Updating or Changing Your Address and/or Vehicle Ownership Status Information section that follows.

## **CORRECTING, UPDATING OR CHANGING YOUR ADDRESS AND/OR VEHICLE OWNERSHIP STATUS INFORMATION**

To enable MINI to contact you with important vehicle product and safety-related information, including vehicles with expired warranty coverage, please update your address and/or the vehicle's ownership status information by either:

## **EXPORTING YOUR MINI VEHICLE**

If you wish to operate your vehicle in another country or region, you may be required to adapt your vehicle to meet different prevailing operating conditions and homologation requirements. ## **CUSTOMER ASSISTANCE — NOTIFICATION**

During a specific period (for example, the earlier of 12 months or 12,000 miles, though this period varies by state), some states require us or our authorized MINI dealer to repair in a reasonable number of attempts, any defect or condition which substantially impairs the use, value, or safety of a new vehicle sold, leased or registered in that state.

However, you may request for your vehicle to be taken to your servicing MINI Dealer as long as it is within 50 additional miles or less of the “nearest” authorized MINI Dealer. Any additional mileage charges beyond this limit will be your responsibility.

If the breakdown occurs after normal business hours and the designated authorized MINI Dealer cannot accept after-hours deliveries, your vehicle will be transported to a secure storage location and delivered on the next business day.

If you request that the vehicle be taken to a location other than an authorized MINI Dealer, the entire expense will be your responsibility.

Towing requests for vehicles disabled because of casualty, fire, act of God, or violation of law (Federal, State or local) will be at the complete expense of the owner/driver.

If it is necessary for you to have your vehicle towed through your own arrangements, you must first contact MINI Roadside Assistance for a case ID number and instructions on claim reimbursement procedures.

All claims must be submitted within sixty (60) days of the disablement or occurrence and accompanied by the original receipts. Claims received after that time period may not be honored and are subject to the full discretion of MINI Roadside Assistance. Your servicing MINI Dealer can assist with this process.

## **ONWARD MOBILITY**

If towing is required, onward mobility utilizing ride share services (e.g. Lyft/Uber, etc.) may be requested from the Roadside Assistance specialist to pick up a driver, passengers and luggage from the disablement point to travel back home, hotel, work, school, dealership, etc. A maximum trip distance of 90 miles distance is allowed and covered under the program. Additional distance and resulting costs are the responsibility of the driver.

## **ROADSIDE TRAVEL SUPPORT**
